

BENCHMARK PERFECT MASH®

REMARKABLE NEW COMPLETE FEED -
NATURALLY LOW STARCH AND SUGAR

WHY BENCHMARK PERFECT MASH®?

Benchmark's Nutrition team had a mission to create a new and innovative feed that would provide a balanced equine diet with high levels of essential nutrients but without relying on grains and grain bi-products. By utilising the benefits of super fibres from soy hulls the team were able to create a truly remarkable new feed that ticks the nutritional boxes for many of our equine friends.

Highly palatable, **Benchmark Perfect Mash®** is rich in natural antioxidants, amino acids, vitamins, minerals and electrolytes – and importantly, despite being a great conditioning feed, it is genuinely non-heating, making it a logical choice for many horse owners.

Ingredients

Soy bean hulls, salt, cold pressed canola oil, Benchmark Vitamin and Mineral Premix, Melofeed® (SOD), Agrimos®, Yea-Sacc®, Alkosel 3000®

HOW TO PREPARE PERFECT MASH FOR YOUR HORSE?

BY VOLUME

To 1-part Perfect Mash add 2-3 parts cold or warm water. Soaks to a mash in less than a minute.

OR BY WEIGHT

To every 500gs of Perfect Mash add 1 - 1.5 litres of cold or warm water. Soak as above.

Perfect Mash should be introduced gradually over 7-14 days to allow your horse's gut enzymes to adjust to the new feed.

DO NOT FEED DRY
