

Benchmark Super Fibre Mash® & Benchmark Invest®

Prepare a highly nutritious, high fibre, low starch meal for your young horse, broodmare or spelling racehorse.

BENCHMARK MEAL PLAN NO. 1

Combining Benchmark Super Fibre Mash® with Benchmark Invest® is a simple and cost-effective meal option. High in fermentable fibre, low in starch and sugar, and loaded with nutrients to support optimal bone and muscle development. Reducing starch and sugar levels in yearlings is a key strategy in producing sound horses with clean bone.

Best of all Super Fibre Mash soaks to a soft mash in a minute so Benchmark feeding is a breeze.

INGREDIENTS

- 500g of dry Benchmark Super Fibre Mash® pellets
- 1-1.5 litres of cold water
- Half the recommended daily rate of Benchmark Invest® (check on the bag or the website)
- 500g-1kg lucerne chaff, haylage or equivalent

DIRECTIONS

Place Benchmark Super Fibre pellets in a bucket, add 1-1.5 litres of water, leave to soak for 60 seconds.

Add Benchmark Invest® and lucerne and mix loosely through the mash and the meal is ready to serve.

Provide this meal to your horse twice each day.

Notes - Not all feed scoops are the same. Please weigh a scoop of each dry ingredient to ensure feeding rates are accurate. Horses require at least 1% of their body weight in the form of pasture or hay each day.
